Dear Sir/Madam,

Tree Planting – Rookery Lane and Manor Road, in Stretton

The County Council is proposing to plant a replacement tree for the one recently removed near the junction of Church Lane within the village of Stretton. I have met with two members of the Parish Council, who kindly suggested several potential locations. These are shown on the attached plan as the black filled circles along Manor Road: one at the junction with Rookery Lane, one near the pub, and one by the junction with Clipsham Road.

We are keen to understand the views of local residents, which is the purpose of this letter. If you wish to object to one, some, or all of the proposed planting locations, please let us know. Support for the scheme is also welcome.

As part of our assessment, we will be consulting with utility service providers to ensure that no underground or overhead services are at risk from a new tree, and that the tree itself would not be at risk from routine maintenance or future service installation.

Please inform us if you have any comments or objections to the proposals. The deadline for responses is 1 January 2026. Please note that if we do not receive a response, this will be treated as no objection.

Yours Faithfully

Stuart Kidd
Forestry Officer
Rutland County Council
